Gayathri Praharshitha

Data Analyst | BI Engineer | GenAI & Agentic AI Practitioner

India | gayathrirachuri58@gmail.com | LinkedIn | Portfolio

Objective

Data Analyst and BI Engineer with strong expertise in **Power BI, Microsoft Fabric, SQL, Python**, **Snowflake,** and **GenAI**. Proven experience in delivering enterprise-grade dashboards, scalable data pipelines, and automated analytics workflows**. Microsoft certified** professional with hands-on exposure to **Agentic AI** and **Responsible AI** concepts, focused on governance-aware, decision-ready business insights.

Professional Experience

Accenture — Data Analyst

Mar 2024 – Present

- Designed and delivered enterprise Power BI dashboards for clients across technology, sustainability, manufacturing, healthcare, and financial services domains
- Built KPI frameworks, benchmarking models, and maturity scoring to evaluate cost, risk, compliance, and operational performance
- Implemented row-level security (RLS), role-based access, and governed semantic models for secure enterprise reporting
- Developed trigger-based dataset refresh, workflow automation, and one-click PDF report generation using Power Automate and Power Apps
- Partnered with stakeholders to translate business requirements into insights, recommendations, and executive-ready narratives
- Applied AI agents to automate insight generation, validation checks, and analytical summaries across assessments

---

Skills

BI & Analytics	Data Engineering & Platforms
